**Subject:** FW: Draft Gasco/Siltronic Offshore Groundwater Field Sampling Approach  
**Date:** 10/26/2005 02:33 PM

---

Below is a link to the draft Gasco/Siltronic Offshore Groundwater Field Sampling Approach which I sent out earlier. I would like to receive Gov't team comments by November 18<sup>th</sup>. I also expect that there may be a need to internally meet to discuss the draft work plan. As place holders, I would propose 11/17 either am or pm, 11/21 pm and 11/22.

Please let me know,

Matt

Matt –

The above referenced document can be downloaded by clicking on the link below. Some users will occasionally have trouble downloading from this site, please let me know if this is the case. We are also sending you a CD in the mail, just in case.

Also, note there is a recent deliverable to EPA regarding the tar body removal action on this site. This is currently under review by EPA and any reviewing or commenting on that document should be coordinated through Sean Sheldrake. Thanks.

Carl
